ESTABLISHED EXPERIENCE

Hausch & Company has been involved in claims handling for over 70 years. We are dedicated to professionally serve our clients, to do the job right the first time, and to be a positive reflection of the insurance industry.

Our simplified solutions, technology advancements, and collaborative approach make the process easier and more efficient. We offer customized claim solutions for casualty, property, inland marine, inventory, transportation, account services, and workers' compensation.

OUR ADVANTAGES

TECHNOLOGY IN CLAIMS

We are on the forefront of technology and tools and help clients implement programs that support future capabilities.

W2 STAFF ADJUSTERS

All of our adjusters constantly pursue continuing education, advanced certifications and institute designations.

SECURE CMS WITH 24/7 ACCESSIBILITY

Guaranteed uptime of 99.9%, continuously backed-up, located offsite, and protected by the highest security available.

FINANCIALLY-SOUND

We have been serving the insurance industry for more than 70 years. We are built on a foundation of ethics and integrity.

QUALITY CONTROL

All reports are reviewed for specific client guidelines, applicable coverage, and overall quality of handling and product.

COST-SAVING RESULTS

Deliver cost-saving results by understanding state regulations, policy provisions, and providing quality investigations.
