SIMPLIFYING THE NEEDS OF INSURANCE COMPANIES  
AND RISK MANAGEMENT ENTITIES

# Hausch & COMPANY

## YOUR TRUSTWORTHY ADVOCATE

As you work to evaluate your risks and ever-changing exposures, we work to remove the variables from your claim handling. We help you contain costs and manage exposure through our simplified claims management and administration. We deliver detailed data that allows you to constantly monitor and understand your exposure. Rest easy knowing that you are being represented by professional, experienced claim experts who provide real-time access to all information.

## OUR GOAL

We meet or exceed all international and domestic compliance requirements. We continually strive to deliver best-in-class performance while maintaining the highest standards of client and end-user privacy. Each claim is thoroughly investigated, evaluated, and managed to provide the most cost-effective solution and to contain and mitigate risk exposures.

## ROBUST CLAIMS MANAGEMENT SYSTEM (CMS)

Our customized cloud-based CMS allows all stakeholders, regardless of physical location, access to complete, accurate, and real-time data. It's one of the most complete, robust systems on the market today—handling claims of all lines, including Property & Casualty, Auto Liability, and General Liability. The system has been designed from the perspective of the user, with intuitive system layout and screen progressions.

## SYSTEM FUNCTIONALITY

- Diary/Notes
- Service Tracking
- Reserve Management
- Electronic Claim Payments
- Bank Account Management
- Compensation Schedules
- Recoveries/Subrogation
- Document Storage
- Report Generation
- Form Letters

## ESTABLISHED EXPERIENCE

Hausch & Company has been managing claims for 75 years. We are dedicated to professionally serving our clients, to do the job right the first time, and to be a positive reflection of the insurance industry.

Our simplified solutions, technology advancements, and collaborative approach make the process easier and more efficient.
